**Good Wednesday morning from Central IL. Sorry I'm late. Had to make a quick trip home from WI to see about my mother, Rose Ann. She spent a few days in the hospital due to dehydration and kidney problems. She's being released today and we're going to try back at assistant living before we have to move to the next level of care. Hoping things work out. Always a tough situation to go through.**

**I did hear from Joan Guthrie this week:**

Hi from MI Its been a very hot summer here in MI, lots of 90 degree days. Its hard to believe its almost over. My daughter is hiking the Appalachian Trail. She started in GA on Mar.26 and now is in VT with only 2 days that she did not hike. She should be finished by the end of Sept. She plans to fly here to see me at that time. I'm excited to see her. I'm sure she will have much to tell me. Hope to be back to TOT sometime in November. Joan

**It won't be long before we are all thinking about heading south. Please remember to save the small bottles of shampoo, etc that the hotel's offer for the battered women's shelter here in the valley.**

**Have a good week. Pam**
