**Good morning. second week after knee surgery and hanging in there. My main problem is getting the knee to bend. I know that all of you who have gone through this are saying, "well dah, what did I expect!" No pain, no gain, so off I go rehab.**

**Lois Skinner dropped this note:**

So glad u r doing good. Gordy knows all about it after having both his done see u after nov 10 th

**Looking forward to see my neighbors. Desert Street is still pretty deserted.**

**I also received a nice note from the Beilke's: please take note, Cliff Simpson on John's recollection of our tennis match.**

Nancy and I give you our best wishes for a speedy recovery from your knee surgery without any complications. We have had an somewhat uneventful summer for the most part, however, did get away to see daughter, grandson and family in Kalamazoo, MI. in May, and to Colorado in June to celebrate our wedding anniversary. I have also participated in 4 or 5 tractor drives in NE., So. Dak., and Iowa. We have been free of injuries and illness, unlike so many others from the TIP, and our thoughts and prayers go out to those who have not escaped those issues. We were especially devastated by the death of Peg Scothorn since we were frequently seen together with the Scothorn's as we dined out in Pharr or McAllen, in addition to our relationship with them in the music area when they were down at the TIP. Also so sorry for Virginia Imlah's bad fall.

My thoughts also go out to Cliff Simpson because surely he must be having some memory problems because of this quote highlighted here...*"The last good game of tennis I played was with you when we beat Floyd Sheperdson & John Beilke.. (I had to add this for Floyd an John's sake"* Pam, You surely don't remember beating us do you? When we left in April of this year I did not notice Cliff's memory loss! Also, my condolences to you for last Saturdays football game with the Huskers against the "Fighting Illini", even though as I recall you are not an "Illini" alum. Northern Univ. of Nebraska (also known as North Dakota State) is doing well, of course with many outstanding players from Nebraska...(this is for Warren Martin's benefit)

Take Care, John and Nancy Beilke

**Sharon Marshall wrote:**

How are u doing, Pam? I have been thinking a lot about you & praying for ur quick recovery.

I had a total knee replacement a few years back & I know how tough it is & the rehab afterwards is no picnic.

You will do fine- just hang in there,  
laugh a lot & do ur physical therapy (easier said than done).

Joan & Ed Cuda were just here a little over a wk ago for a couple of days & as always, we had a great time together.

My Dad, Arnold Pettit, is very active in his retirement community. It has been very hard on him, this first year since my Mom passed away (a year ago last June).

After being married over 72 years, that is a huge adjustment. She is missed so much by all of us.

Your summer sounded very busy & fun. Good for u. Travel a lot while u can. John & I traveled a lot, with our boats, motor Hm, car, plane or whatever was available. I am so happy we did, since we can't anymore. Alzheimers sure interrupts ur life's plans. So, go for it, girl. Have a great time, as soon as u can.

Take care. Hope ur doing much better. Hope your winter goes well.

We love reading ur Tip e-mail. You are most appreciated.

Fondly

John & Sharon Marshall

**Jackie Hood sent me warm wishes and is planning on returning to the Tip by the first of November. Will be glad to see her.**

**Have a good week. Pam**
