Good Morning.....I want to thank each and everyone of you for your prayers, food, and concerns over my knee replacement I'm also relaying Bonnie Lynch's thanks to you, too. We are both doing quite well. Bonnie was lucky enough to only have partial knee replacement. She is up and about and thankfully out of pain.

Even though I had total knee, I knew what to expect after the left knee in Sept. Makes a big difference. I, too, am getting around without a cane and only a slight limp. Not quite ready for tennis, but maybe a few pitch and putts on the golf course soon.

For all of you still in the freezing north, we had a spell over the weekend with freeze warnings. Of course, give it a few days and all is well. We're predicted to be in the 80's today and the rest of the week.

If you know of anyone needing the minutes sent to them, please send me their names and e-mail addresses and I will add them to my list.

Have a good week....Pam
