

Good evening all. Another beautiful day here in South TX. A little windy, but can't complain about the sunshine

We had a great day on St. Patrick's Day. Lots of parade participants and several residents watching. Free donuts in the morning and free lunch at noon always brings out a big crowd. Of course the beer and wine always help the afternoon activities. We had games and of course the blind fold golf cart races are a big hit.

I received this note from Cookie:

Change my mailing address to : 7300 East 121st Street, South Bixby, Okla, 74008

Thank you, Norma or Cookie Bevins

We were sorry to see Cookie leave the Tip. We wish you well.

For those of you who are leaving soon to head North, please keep me updated on your e-mail address. If you do not receive the minutes, please e-mail me and I will try to keep my address current.

Saturday was the Olson's 60th anniversary. Mary wrote:

Lee and I had a nice day for our 60th wedding anniversary. Diane sent a large bouquet of mixed flowers from Texas and David, Molly and Jolie took us to dinner at Katy O'Ferrel's.....since yesterday was St. Patrick's Day.

I tried to forward the picture to several from my Windows 10 new computer, and it usually doesn't work because I don't have Open Office 365 installed on my new computer. They want 50.00 a month and so I am trying to find something else that will work.

Thanks to everyone who sent cards and well wishes.

Blessings,

Lee and Mary

Remember Mary is recovering from rotator cuff surgery. Happy belated!!
Miss you two here at the Tip.

If you do head North and if the Blue Bonnets are blooming around the San Antonio area, please snap a picture and let us know. I am always fascinated with these beautiful flowers.

Wishing all a good week.
