*Good Monday Morning. Hoping the storms going thru Oklahoma and traveling north east are missing your home towns. We are having very warm weather, in the high 90's, but the winds are very strong.

*

* I received another update on Cookie Beven's address:*
My new address is 7300 E 121 Pl So Apt 230 Bixby, Ok 74008 Phone # is 918-943-6453 <tel:(918)%20943-6453>. Think I am located at (1) location now. My mind is still in La la land but hopefully it will catch up and everything will be okay. Like my new place - room is fine - food is good - couldn't ask for much more.

Had sent some of this info on but couldn't quite remember who I had sent it to or what SO here it comes again....Would love to hear from you guys (and girls).

Cookie

*

I also received nice note from Linda York:*

Glad St. Pat's was a success. I am still waiting for treatment on my back. April 4 I get a shot under X-ray. Jim is well but we were sure disappointed to miss the season at the TIP. Safe travels to all our friends heading home.*

*

We have missed both you and Jim. Hoping your back is better soon.

*

I did receive some sad news this week. Joan Craig, long time Tip resident passed away at her son's home in Florida. Doug wrote me this e-mail:

Please let the entire Tip-O-Texas family of residents and staff know that Sarah Joan Craig passed away last night, March 22, 2017.

She was in home hospice. Cherrie, Dad, and I were at her bedside holding her hand at the time of her death, which was her desire.

Some of Mom's fondest memories were of her wonderful winters spent at the Tip-O-Texas with husband Orral, family members, Edgar County friends, and her many Tip-O-Texasu w friends.

Sincerely,

The Orral Craig Family*

*

*Joan was an avid walker. You could see her every day making her laps, but you would have been in very good shape if you could have stayed up with her pace. She will be sadly missed. *

*

*I was wrong in stating that Mary Olson had rotator cuff surgery. Mary wrote:

*

I didn't have roto cuff surgery.....I had rt. Shoulder replacement Feb.7th . replaced ball and socket and ran a rod down thru my arm bone. Glad I was asleep while they did this. Wearing the sling for 8 weeks until April 4th , then rehab. Doing good,

There are many of you leaving the Tip in the next few weeks. Please let us know if you arrive at your northern home safely. Your Tip family worries. Thanks Have a good week. Pam
