**Pam's Notes**

**Good morning,**

**We've had a beautiful week....lots of sun and in the 90's. My kind of weather.**

**First I want to send a note from Marian Thompson with an update on Merle:**

Just a quick note to let you know we will be moving Merle to Perham Health TCU Home.. We had signed him up for that location before but there was no openings at that time so had him put on a waiting list and moved him to the location in Detroit Lakes until there was a opening. He will continue with P.T. due to still making improvements in that area. They have discontinued with the speech therapy as they feel he has reached a plateau for now. If he gets more throat muscles back later on they may try that therapy again at that time.

The weather this past week has been great, we go outside as often as possible and Merle likes going for rides to see how the field work is going in the area. He was out to the Lake for a few hours over Memorial week end and seemed to enjoy that. We hope all are healthy and stay that way.

**I'm hoping I have the correct address for his new healthcare center: 1000 Coney Street West.  
Perham, MN 56573**

**I had a nice note from Sharon Bramlett**

Enjoying our time back. Weather been varied. Some great convertible rides not too far from home. Took a 3 day trip to Independence, Mo. with daughter, husband, and his Mom to meet with granddaughter and her husband. We rented a Victorian house that was perfect. Been doing some painting and getting rid of some stuff not used. Ivan working on pictures, I'm doing cards. Ready for YIP!

**Also received this message from long time past residents, Marty and Bob Gawf: Always good to hear from ol' friends.**

Tell Pat that she wrote great minutes. So sorry to hear of Orville's passing. They hosted PPPizza for sometime. We played tennis with Kathy and camped across from Steve on Mountain. Great memories of staying with friends the Tip. We're off to Alaska in a week. Going some different places than before. Keep the news coming. Glad Terry had such a good time. We were there 2 years ago. As ever, Marty & Bob Gawf

**Taking my granddaughter to a dude ranch outside of Denver next week. It's been many years since I've been on a horse, but thought with new knees this is the time to give it a try. Wish me luck and a soft saddle!!! Have a good week!!**
