**Pam's Notes**

I was hoping to be in the migration heading south, but I'm stuck in IL until I hear the results of some medical test. What a drag. It's raining and dropping down into the 40's. Oh how I long to be at the Tip.

I guess it's good news that I haven't heard from anyone with any more sickness. Also, good news is that it reads that we have a chef in the park who will be cooking for us this winter. It seems like our new activity directors are going above and beyond to make it a great season.

With no other newsy news, I'll wish you a good week and hoping my next publication will be from the Tip.
