**Pam's Notes**

Good morning from Central IL. Weather has turned warmer, but expecting showers the next couple of days. Hoping all of the storms have missed you if you're in KS, MO, IA, OK etc. They look very hazardous on the news.

I heard from the Willis"

John and Helen Willis arrived home in Decatur Alabama safely after a profitable overnight stay at Coushatta casino in Louisiana. Looking forward to next season at the TIP!

Helen Willis

Sounded like a good stop for them. I'm never that lucky.

I had a nice note from long ago resident, Joan Phillips:

First, let me thank you for all the wonderful notes you send out to our Tip Family. It's wonderful hearing about everyone that we have held so dear for so many years.

Don and I are still doing great. I had a hip replacement last August and started back to tennis every day Nov. 1st. I am better now than I ever was....can't believe it. Don has had 5 melanomas but cancer free. He will be 85 in June and is still playing tennis every day for at least 1 1/2 hrs. We both love Florida and our mobile home. Our place is right across from the tennis courts and pool...When we are not playing, we can watch. I belong to two leagues and Don 1. One of the leagues I belong to has 3800 women in it - it's through Lee County. I am so glad they are well and enjoying their lives, even though we miss them here at the Tip. Haven't heard from many others...so will close for this week. Have a good one... Pam
