Louise Chase returned to the Tip on Friday, May 25, and attended the Wednesday night dance on May 30. It's good to see her smiling face again!

\*It is soooo good to see Louise made it back to the Tip. She's looking very good. We all wish her a speedy rehab and hoping she'll be back on that dance floor doing the Texas Two Step. \*

**Monday Morning Meeting  
JUNE 4, 2018\_**

**Pledge to the flag**

Jeanelle Barry is undergoing tests and has a doctor's visit on Tuesday to get the results.

Clara McMillian is on the mend and is here for the MMM.

We all are glad that Clara is back with the Tipsters \*

J.O. and Nancy Bedsole are moving back to the Tip. They bought Marliss Mustonen's home in the Amigo section.

John and Darlene O'Brien are back in the park until Friday and will return in October for the season.

**Paul Barcenas** led us in prayer.

**Al Seprion** reported 186 residents on 123 sites. Hurricane season is here! The outdoor spa is being replastered starting Tuesday. The outside pool deck will be refinished in sections. Projects are continuing daily. The park is looking great!

Al was interviewed by Channel 5 at the park. It was a great interview and showed much of the park.

Barb Chappell's pool party was a big hit. Johnny D and his wife provided music for the afternoon.

Wednesday night dance every Wednesday. Hamburgers and hot dogs will be ready at 4:00.

Peter Piper Pizza next Tuesday, June 12.

Louise Chase thanked everyone for the cards and calls while she was away.

We had a going away get together for Jane Hubbard after the MMM. She will be leaving the park after 30 years to live in Minnesota. She will be missed by all.

Pam's Notes

\*We wish Jane all the best on her new adventure in life. We will miss you. \*  
\*  
\*

\*I do want to pass on a wonderful note from Bobbie. The Lord has blessed her and we wish them a wonderful trip.\*

\*I had laparoscopic surgery on April 30. They took several biopsies

.

Just saw the doctor today. My cancer is in remission. All the biopsies we're good. I will have to take a medication that she is ordering. I will check at Walmart to see how much it costs. I was hoping the port could come out, but they suggest leaving it in for two years. If there is a recurrence it usually happens the first two years. She took several biopsies and removed anything that looked suspicious and everything came back benign. We can go on our trip, in fact she, encouraged it. We plan to drive to Minnesota to see our daughter who arrives on the 27th. She has been teaching in Uzbekistan for the past two years, and will be teaching in Shanghai China next year. Then we plan to go to Walla Walla to bring a car to our son. His car was totaled a few weeks back. After visiting them we will fly back to Texas. We plan to be traveling in the month of June. We are looking forward to the road trip. After this we will probably fly, though Paul really dislikes flying.

\*My mother, Rosanne Hancock had her 93rd birthday last week. I want to thank all of you for your thoughtful and gracious wishes on FB. She is doing well and can still play a mean game of Euchre. (Even though she has forgotten her great grandchildren's names.) \*

\*

\*Wishing all a good week....Pam \*
